

PROBLEM: How can I find out which journals the library subscribes to in a particular subject area?

SOLUTION: Use the Serials Solutions “Browse by Subject” tool!

Use this tool if:

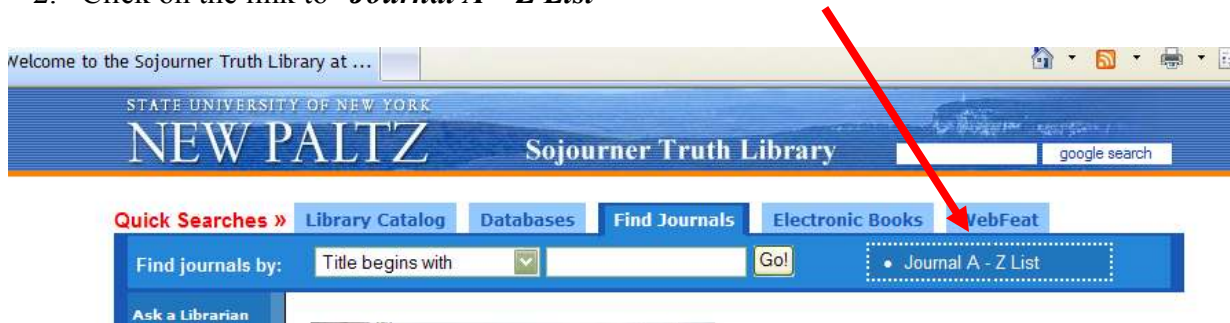

- You want a list of Sojourner Truth Library journal subscriptions by subject, and/or...
- You would like to browse the titles and content of particular issues for journals in a subject.

Minimum requirements to make this work

- Identify the general subject area you are interested in.
- OPTIONAL BUT SOMETIMES USEFUL: identify a date range for the journals you hope to find within a subject area

To find a list of journals to browse, do this

1. Click FIND JOURNALS tab from our website [http://lib.newpaltz.edu], then
2. Click on the link to “*Journal A – Z List*”

3. To see the library’s journals by specific subject areas, pull down the “Browse journals by subject” menu and select the subject category that your specific subject would fall under.

A screenshot of the Serial Solutions Citation Linker interface. The interface shows a search form with a dropdown menu set to 'Title begins with' and a 'Go!' button. Below the search form is a link for 'Citation Linker'. Below the link is a section titled 'Browse journals by subject' with a dropdown menu. The dropdown menu is open, showing a list of subject categories: 'All', 'Research in subject categories', 'Research in subject categories', 'Architecture & Applied Arts', 'Business & Economics', 'Earth & Environmental Sciences', 'Engineering & Applied Sciences', 'General', 'Health & Biological Sciences', 'History & Technology', 'Journals & Communications', 'Languages & Literature', 'Law, Policy & Government', and 'Social Sciences'. A red arrow points from the 'Browse journals by subject' dropdown menu to a callout box on the left. Another red arrow points from the 'Citation Linker' link to a callout box on the right. A third red arrow points from the 'Citation Linker' link to a callout box on the right. The callout boxes contain the following text:

If you want to see the titles that are available in a particular subject, pull down the subject menu to see the subject categories

Alternatively, if you want to check for a specific journal title, you can search or browse for it.

Or, if you are looking for a specific article from a citation, you can search more precisely using Serial Solutions Citation Linker.
